Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant presented proposed amendments to overcome the cited references. Proposed amendments describe an interface unit connected between a computer and keyboard, sending a keyboard signal from the interface unit to the computer when the user's presence is detected, and performing an action at a set-top box. The examiner stated that the proposed amendments appear to overcome the Roberts et al. reference, but further search and/or consideration will be required.
